TOTAL 27 Credits

- Seacoast Christian Academy endeavors to meet or exceed the core requirements for a standard high school diploma in the State of Florida. Therefore, SCA is unable to provide a modified curriculum for high school students with exceptional educational needs.
- *Students entering the 11th or 12th grade with a cumulative GPA of 3.0 or higher may apply for Dual Enrollment. Students are required to take all required core classes at SCA and may enroll in additional college courses at FSCJ. This is a highly rigorous academic program that requires personal motivation and discipline. Dual enrolled courses are weighted an additional GPA point.
- Students who transfer to SCA during high school are not expected to meet all of the Bible course requirements. All students will take a Bible class for every year that they are enrolled at SCA.
- Anatomy/Physiology, Marine Science, Electives and Fine/Practical Art courses are offered based upon student interest. They may not be offered every year.
